

227A.150 Limitation on applicability of KRS 227A.010 to 227A.140 to low-voltage installer certificate holder.

Nothing in KRS 227A.010 to 227A.140 shall apply to low-voltage, power-limited installations for control or coordination of interconnected devices separated from a power source by a Class 2 or Class 3 transformer installed by a low-voltage installer certificate holder. The department shall set the standards for experience and testing for issuance of a low-voltage installer certificate by administrative regulation and may charge a fee to be set by the department by administrative regulation but not to exceed the actual cost of issuance of the certificate.

Effective: July 15, 2010

History: Amended 2010 Ky. Acts ch. 24, sec. 440, effective July 15, 2010. -- Created 2004 Ky. Acts ch. 81, sec. 6, effective April 6, 2004.
